WHAT IS THE BUZZ NETWORK?|

BUZZ is a new European youth theatre network.

Created by leading arts organisations from Scotland, Ireland, Norway, Belgium and Germany, and with funding from the Creative Europe Programme of the European Union, BUZZ aims to cross-pollinate youth theatre practice across the continent for the first time.

Establishing a new network for collaboration and development, BUZZ enables the sharing of knowledge, skills, contacts and resources across seas and borders.

From getting funding to finding advice, On the Move provides resources for artists and culture professionals who want to work internationally.
