Junction 25 (2005 -2019)

The guiding values of Junction 25

- Collaboration – We want to make our performances as a group
- Shared Authorship – Our performances will not have just one author but many (all of us)
- Shared Ownership – We will all own the performances we make together
- Valuing Everyone– We want our performances to value the unique individuals we have as part of our group. We want to make sure that every voice is heard in our rehearsals.

MOTION (2018)
